

What to expect when you return to Scoil Rince Nua

We are very excited about welcoming you all back to dancing! You will still be working with one dancing teacher in CDYST and still dancing with your friends. Here are a few points to help us all return safely and happily.

For the foreseeable future, we will be running two dancing lessons only. Dancing teachers will use the time before 10am to clean and organise the building.

10am-10.45am	Step class for EVERYONE
10.45-11am	Younger dancers exit the building and the hall is reorganised/cleaned for the second lesson. All dancers staying for the second lesson will have the opportunity to wash their hands.
11am-11.45am	Display class for older dancers

1. All dancers to **enter the hall through the usual door from the car park** into the sports hall. There is **hand sanitiser** as you enter the building. Please use it.
2. Please be mindful of social distancing as you enter the hall. **Avoid congregating and queuing.**
3. **One adult** can accompany each dancer. However, to reduce social contact, please do not come into the building if you don't intend to stay for the duration of the lesson.
4. A **dancing teacher will stand and the entrance** to welcome dancers and direct them to their dancing teacher and area in the hall. The hall will be divided into **6 areas** using floor markers and cones. The youngest dancers will be learning in a 7th area in the small adjoining hall.
5. Accompanying **parents need to sit against the wall** closest to the area in which their child will be dancing and maintain at least 1 metre distance from other dancers and parents – ideally we should all aim for 2 metres distance. The chairs in the hall are not in use at the moment so we request that accompanying parents bring their own **camp chair**.
6. Dancers need to stay in their area. They may also bring a camp chair but it might be easier to bring a **towel/mat/rug** on which to sit, change their shoes and leave their belongings. We would strongly recommend that dancers do not sit on the floor without some sort of towel/mat/rug.
7. Please bring as little as possible with you to dancing. You need your **dancing shoes, a water bottle and something to sit on**. Please **do not bring a snack or toys**. You can have a snack after your dancing lesson.
8. Dancers, dancing teachers and accompanying adults are **not required to wear a face covering** but if you chose to, that is fine.
9. There will be a **register taken for each group**, including a count of any accompanying adults at the start of the lesson. This will be saved for no more than 21 days to support NHS track and trace if necessary.
10. Please use the **toilet at home** before you come to dancing. If you need to use the toilet during the lesson, please let your dancing teacher know and go to the toilet on your own or with your accompanying adult. (NB: the ladies toilets are currently being refurbished so females will need to use the disabled toilet).
11. The **fire doors will be open** to help with ventilation. Dancers are asked to remain in the hall for the duration of the lesson.
12. At the end of the lesson, dancers and any accompanying adults who have stayed for the lesson will **exit the hall through the kitchen door**. Please use the hand sanitiser provided. Dancing teachers will also walk round the building to the car park to check that all dancers have been met by their adult. We welcome adults meeting their child outside the kitchen door at the field but please remain mindful of the need to social distance away from the exit. It would be helpful if dancers are collected promptly.
